VOLUME XIII

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY MARCH 23, 1910.

NUMBER 20

Services Closed.

A meeting of one week's duration, at the Presbyterian church, conducted by the Rev. J. R. Crawford, of Columbia, closed last Tuesday night. The entire services were well attended and the preaching was strong, spiritual and uplifting. As a partial result of the meeting, seven from among the Sunday School pupils, were converted and added to the church. Brother Crawford came among us as a comparative stranger, but during his brief stay he made many friends who follow him with the very best wishes. It became necessary for him to close the meeting sooner than he anticipated because of the condition of his voice. The spiritual influence of the meeting will abide in this community for many months to come.—Taylor County Enquirer.

To Our Friends.

Did you ever realize that the News man never knows anything first. Perhaps you never thought of that but it is a fact. The only way for us to find out anything is for you to tell us. If anything happens that you think would interest you or your friends just tell us or write us about it and we will see it in print and do so as a favor that will be greatly appreciated.

Notice to Property Holders.

The Court of Appeals has confirmed the absolute right of Boards of Supervisors to make raises of property valuation for taxation according to their own judgment, and without recourse to tax payer unless proof can be given of fraud and corruption. The case at issue was that of the Star Milling Company against the Board of Councilmen of the city of Nicholasville, on appeal from the Jessamine court, the lower tribunal being affirmed. The milling company protested against a raise in being excessive, but the court here says:

"Where the party whose assessment is raised is given due notice of the time and place of the meeting, and is granted an opportunity when heard, the action of the board is final and conclusive, unless it be shown that they acted fraudulently or corruptly."

A DEPLORABLE DEATH.

Mr. E. V. Miller, a prominent Merchant of Crocus, this County Passes Away.

WELL-KNOWN THROUGHOUT THE COUNTY.

Last Friday morning about 9 o'clock, after an illness of four days, Mr. E. V. Miller, who was in the mercantile business at Crocus, ten miles from Columbia, closed his eyes in death.

The deceased was about thirty years old, and was a very popular gentleman. He was not only liked by his home people, but he had many friends throughout the county. He was a son of the late James P. Miller, who was a prominent citizen of Adair county, and who was a merchant at Crocus for many years.

The deceased was a victim of paralysis of the brain and was sick only four days, being unconscious the most of the time.

He was very genial in disposition, ever ready to accommodate a friend, and his passing is a serious loss to poor people in the neighborhood whom he was at all times ready to help.

He is survived by a wife and two or three children, who are almost heart broken; a mother, four brothers, N. B. Miller, Springfield, Mo., Bryan Miller, Crocus, Dr. S. P. and A. A. Miller, this place, and two sisters, who reside in Columbia, Mrs. A. H. Ballard and Mrs. Henry Miller.

The funeral services were conducted at the residence last Saturday, and the interment was in the family burying ground.

There were many relatives and friends present. Everybody is in sympathy with the surviving members of the family, especially with the companion of his bosom to whom he was wedded four years ago, and the little children who are not old enough to realize the loss that has come to them. May God keep them in the hollow of his hand.

An Easter Service.

The Sunday School of the Presbyterian church will present a most interesting program of Easter music, recitations, etc., at the eleven o'clock hour next Sabbath. There will be an address by the pastor and a special offering for Missions and other church benevolences by the Sunday School and congregation. At night the pastor will preach as usual. All are most cordially invited to attend these services.

There will be salesmen sufficient to wait upon the throng.

An Old Garden.

On the farm of Mr. W. T. Dohoney, a few miles south-west of Columbia, is a garden spot that has been used every year for growing vegetables for one hundred years. It is the garden which was used by Mrs. Easter Dohoney, father, who was a Gilmer. Mrs. Easter Dohoney is now ninety-two years old. After her marriage to W. R. Dohoney her husband used the garden until his death and now it is being cultivated by her son, W. T. Dohoney. Notwithstanding it has been in use every year for one hundred years, it yet produces well.

This is the second time that Sel has been sent to the asylum. The last time was about eight years ago when he was twelve married and when he left his first wife and children were living and during his absence his wife and two of his children died. Upon his return he married another woman, who is living and who is the mother of two children. His father, mother and several brothers and sisters died after he was carried first to Lakeland. Remedy for Hard Times.

It is argued by some that the present high prices of farm products are caused by the fact that money has lost much of its purchasing power. This may appeal to some, but to the impartial, informed man it is only an imagination. We know if there is but little money in circulation, and an abundance of horses for sale, the price of horses will be cheap; and if there is plenty of money in circulation, but few horses for sale, the price of horses will be high. This is true, also of all farm products, which are very high at present—in fact, too high to benefit the common people. It is all right for farm products to be high, provided the common farmer has a living and at least a small margin, but when the great mass of farmers do not have this, then the abnormal high prices prove a detriment. There is not enough wheat, corn, pork, etc., raised, and the reason for this is that not enough people are farming. The cities are being congested with population, while the country is annually being depopulated. The proper equilibrium of prices has been disturbed as the effect of this cause and it cannot be restored until the cause is removed. A greater per cent of the young men should remain on the farm and many go back to the farm.—Harrodsburg Herald.

Reflections of a Bachelor.

Proximity is nine points of the law of matrimony.

Anyhow, a woman can always vote to spend her husband's money.

When a man will write long letters to a woman they aren't married yet.

The best man in a race is the man who runs it for the pure fun of running.

A girl, a moon and a garden could take away a man's sense, even if he had any.

The way the average man wants to help others is trying to get them to help him.

Rex Peacock.

This Famous horse will serve mares at \$7.00 to insure a living colt.

REX PEACOCK, saddle and harness horse, sired by Jordan Peacock No. 1148, dam by 2nd Jewel, he by Arist Jewel. 2nd dam by Cromwell Denmark, he by old Denmark.

Never before has there a horse made a season at that price that breeds as well as this horse.

GOV. WOOD.

This Black Mammoth Jack is 15½ hands high, gets more high priced mares than any other Jack of this county. Mr. Curt Yarberry of Cane Valley, has two of this Jack's colts that will be 2 years old in May that he refused \$400.00 for. A number of others have sold for high prices. We know of 45 mares served last spring by this Jack, that is with foal and 11 good ones that we have not heard from besides the failures.

Will serve to insure a living colt, \$6.00 for horse colt and \$7.00 for a mare colt.

The above named stock will make the present season at A. O. Young's barn, one mile north of Joppa.

Money due when colt is foaled, mare traded, bred to other stock or moved from neighborhood. Not responsible for accidents.

FOR THE LANDS SAKE USE BOWKER FERTILIZER?

I have been selling the Old Bowker Brands for the past six years and my trade has increased from year to year, and this is evidence to me that the Bowker Fertilizer is the best made for this section. I have sold these goods to leading farmers all over the County, who have thoroughly tried and tested them, and will tell you Bowker Fertilizers are the best money can buy. You may buy goods for less money, but remember that cheap Fertilizers are very dear indeed when you come to harvest your crop. Remember that Bowker's Key, Special and Tobacco Grower have an extra high per centage of Potash.

I will be at my old stand in due time for Spring Trade with a full supply of Bowker goods. Call and see me and get prices. I will also sell Homestead.

One of the few things a boy learns thoroughly in college is for his father to keep on supporting him.

What a girl likes about a flirtation is it's so exciting thinking how exciting it would be if she meant it.

The good that a man does may live after him, but it has a hopeless fight for recognition while he is alive.

A man is called a philanthropist because of all the things he could do for his fellows and doesn't do them.

You can tell a man who brings up his children well by how much more they are like their mother than like him.

You could never convince a man the furnace wouldn't work better if his wife would admit he knew how to do it.

The first thing to do with a man just out of college is to try to get him to learn something now that he needs to.

A petition for the pardon of Henry Youtsey, who is now serving a life sentence in the penitentiary for complicity in the murder of Gov. Goebel, is being circulated. My reply to the circulators of the petition is that since it appears Youtsey was the best man among that band of conspirators, and since the self-confessed leader of that most feindish of all conspiracies have all been freed, I will, as soon as James Garnett, Ben Johnson, or some other good Democrat is made chief Executive of this grand old Commonwealth, whose glory is sure immerge from the crime and slime of the Republicans, place my name to a petition for the release of Mr. Youtsey, provided he will pledge himself to steer his course clear of such associates as those who have succeeded in pilfering their crime upon his shoulders.

And by the way, how many readers of the "News" also read the weekly Courier-Journal? All who do and have not already done so, please look up your paper of March 3rd and read the report of the committee that was appointed by the legislature to investigate the doings of the present State administration, to try and find out what has become of that one and a half million dollars that was in the State Treasury when Gov. Beckham went out of office, and why the State had gone bankrupt, or the next thing thereto. This Committee investigated, and their report is a very interesting article. Let me ask you again to read this report, show it to your neighbor, talk it wherever you go and last but not least paste it in your scrapbook for future reference, for although Willson cannot be a candidate to succeed himself the republicans are sure to nominate some one who is no better.

Allen Shearer celebrated his 66 birthday with his youngest son. About the noon hour a bountiful dinner was spread on a white table linen and the richest and rarest of all was a 200 pound goose, and many other things to make all who were present spend a day of joy and satisfaction. Some say should he live until his next birthday his many young friends would be glad to have the welcome of setting him a surprise dinner. So trusting God may let him live to celebrate many more birthdays, I remain,

Free Sample For Baby's Ills

Something can and must be done for the puffy, crying baby, for the child that refuses to eat and is restless in his sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This condition of the bowels is as important as with it comes a clear head, a healthy sleep, and a good appetite. It is equally important to know when a child is suffering from emergency of constipation and indigestion. Colic, cramps, too strong and fatty, and other parasites are not only too strong, but they also cause the child to be restless and to have a bad taste. Have you ever tried Dr. Caldwell's Baby's Own Syrup? It is a liquid tonic that families have been using for a century of years. It is feeding, it is good for you as well as the child, but there is nothing better to be found for children. They like its taste and they will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell's Baby's Own Syrup is a sample bottle free of charge. In this way you can try it before buying. Later, when you are convinced of its merits, you can order a bottle, just as thousands of other families have done. The family of Mr. Dr. W. H. Bannister of Brainerd, Minn., writes that their little son, John, was born with a very weak stomach and now writes that it is their family remedy. They give it to their sickly child, and give it to constipation and indigestion, you should send for a free sample of this medicine. Dr. Caldwell personally will be pleased to give you any medical advice you may want for yourself or family pertaining to the stomach. Have your child's bowels regular. Explain your case in a few lines and send it to you in detail. The free sample simply send your name and address to Dr. Caldwell, 1111 Broadway, New York City. For other requests the doctor's address is Dr. J. C. Caldwell, 1111 Broadway, New York City.

WED., MAR. 23, 1910.

The Confederate pension bill, passed by the Legislature, was vetoed last week by Governor Willson. His reasons for so doing, as stated, was on account of the financial condition of the State. Whether he is right or wrong in his position, whether honest or feigning honesty in his good will to Confederate soldiers and his apparent zealousness to the welfare of the State Treasury, is not for us to say, but all the same, we have our opinion. We have heard the statement made that the bill was wrong, that the State should not pension disabled and dependent Confederates as it would, in a measure, acknowledge the cause for which they fought to be right and indirectly encourage rebellion. To our mind such statements and positions do not spring from individuals who would deliberately sacrifice their lives for the good of their country nor from those who really fear that such a measure would fire the Old Confederate with resentment or disloyalty to ties that bind all the States into one solid compact. It appears to us the evidence of political prejudice and not the result of extreme loyalty to country. True, Southern soldiers

and true Southern people have never repudiated their position taken in that conflict. They stacked arms at Appomattox, sheathed the sword throughout the land and accepted the terms that reunited our country, after being overpowered, and no people nor no other part of our great common country is true, or more loyal to the Union than those who fought the armies under the stars and stripes. For many years they suffered the indignities hurled at them from the Northern press and rabid political tyrants who would have rejoiced in their utter destruction, but time, education and commercial developments broadened the avenues that lead to a better understanding and blotted out the major part of censure and ill will. The old Confederate soldiers have fought the battles of life in this State without aid. None but the most unfortunate, whose strength is not sufficient to earn bread by the sweat of the brow, would expect or desire State aid in the closing days of their existence. But few are in that condition and therefore but little money would be needed to give relief to those who would accept such charity. With the resources of this State, her boasted wealth, chivalry and hospitality, why should such relief be withheld? True, Kentucky remained in the Union, but its position was the outcome of National courtship from a State of neutrality. In fact it succeeded and in fact the sentiment of the people was with the lost cause. We regret that the Governor did not approve the measure for we believe it just and would have received the hearty endorsement of a large majority of the people. If he is truly sincere in his statement that he did not object to

the bill but disapproved it merely because of the lack of funds he must, indeed, have a low estimate of the taxable resources of this Commonwealth. Not many of the old Confederate soldiers have ever begged bread, not many ever will and we thank God that the deep and ardent love for them by the loyal people whose blood tingles with a sentiment for the unfortunate have provided a home that will shelter them in the days of adversity, but we had hoped that ample provision would be made by the State to give them aid in their old homes and not cause removal when only a little money would keep them.

The following dispatch to the Louisville Post, dated March 15, concerning a matter that is agitating the Republicans in this district, comes from Lexington: "A lively controversy has grown out of the charge that Caleb Powers, pardoned by Gov. Willson of the charge of complicity in the assassination of Gov. Goebel, and now a candidate against Don C. Edwards for the Republican nomination to Congress in the Eleventh district, demanded and received from the Republicans of Johnson county last fall \$500 for a speech at Paintsville in the interest of the Republican ticket. Powers, in responding to the charge, recently admitted having been paid \$500, but declared that it was for his lecture that he had been delivering in various portions of the country, and not for any speech in behalf of the Republican nominees. In yesterday's issue of the Lexington Leader a person signing himself 'Johnson County Republican' replied to powers with the state-

ment that the money was paid to Powers for a speech; that he delivered a speech in which he roundly scored certain Democrats; that it was in no wise a lecture, and that he was not paid for a lecture, and, further, that Powers refused to make the speech until he had been paid \$500 in currency; that he would not accept \$400 in currency and the check of a responsible Republican for \$100.

There will be no extra session of the Legislature. The people have got enough.

A measure passed both Houses of the Kentucky Legislature and became a law making men sixty years old and over ineligible for jury service.

The bill creating a new office an assistant Commonwealth's Attorney in Judicial Districts having as many as six counties was killed by the Governor and it was a good killing. It was as useless a measure as ever introduced and passed by a legislative body.

There were exciting times in the National House of Representatives last Saturday. The Democrats and thirty-five Republicans ended the autoeratic ruling of Mr. Cannon. The Rule Committee, dominated by the speaker, was wiped out of existence. The House will now elect a committee and Mr. Cannon will not be a member of it. It looks now like "Uncle Jo" is serving his last term as Czar of the House.

All goods we sell from now on, or to be for cash or produce, or to parties that will pay us when we are on them, and to others who secure us in some way. So come on and get your share of these bargain goods.

In Memory.

On the 26th of February, 1910, Mr. John J. Biggs, another one of our good citizens, was called from time to eternity. He was taken with Pneumonia fever on Thursday the 24th of February, and died the 26th. Mr. Biggs was born and reared in the Mt. Carmel neighborhood, this county, and lived in that community to his mature manhood. As a

News Notes From Texas.

As I chronicle the notes of my recent trip to Texas for the columns of your paper, I am conscious of my inability to write as I ought.

The occasion which called me to Texas was a sad one to me. I can only write about it as a man can who feels the irreparable loss of a mother. How sweet that name.

On February 3rd, I received a telegram to come at once to the bed side of my mother who was living with my brother, D. A. Grady, McGregor, Texas. I made haste to see her, but alas, she had passed over the river of death before I could reach her. I found that kind friends had done all they could. As I stood by and looked on the face I had kissed so often, remembering her faith in Christ, I felt that for mother to go out from us was our loss, but her gain. No boy or man ever buried his mother without feeling the wonderful touch of sympathy bound up in the words "Jesus wept." Nancy J. Grady was a member of the Methodist church. I am glad to say I have confidence in mother's religion. Rev. McCulloch preached her funeral sermon in the presence of a large crowd who followed on to the McGregor cem-

young man he was considered one of the best in that community. He was reared in the home of a large family, of whom five brothers and four sisters still survive him. He was a great lover of music, was often called on to lead the song service at singings and at church service. He had a sweet musical voice and more especially a tenor voice.

About ten years ago he married one of Columbia's most excellent young ladies, Miss Mary Smythe. They moved to Columbia and he and his good wife selected a location on the Campbellsville pike and erected one of the most beautiful homes in that part of the town. They were very happy and congenial in their companionship, and Mr. Biggs had planned to retire from the revenue service and enjoy a quiet home life the rest of the way. But their plans were not carried out and we have another lesson in the uncertainty of life, and that man proposes and God disposes. Mr. Biggs united with the Presbyterian church at this place about two years ago, but owing to his being away from home so much he did not have the opportunity to enjoy the church services. Mrs. Biggs was with him in his last sickness and everything was done for him that could be in the way of medical skill and nursing to save his life but the inevitable must come to us all. May the Heavenly Father

etery where we took the last look and turned away from the new made mound all decorated with flowers to await the time when the dead in Christ shall rise.

I was glad to see Joe and Bob Yates. They are doing well. They often spoke of Kentucky and especially Adair county. Every one did their best to make us happy. I visited the flowing artesian well not far from my brother's home, a beautiful sight to me. It flows an eight inch stream. It is capped so as to spray. I stood off at a distance and lost myself in admiration. Texas is great—a great empire of itself. The beautiful black farms and the thickly populated communities gives the whole country the appearance of a city. After all, it's not the land or the network of railroads and interurbans that makes Texas great, it is the big-hearted people with the push and energy of heroes. No man can visit Texas without breathing in the very air, the high ideals of her citizenship.

My trip to Moody, the home of so many Kentucky people. I know this trip can not be eclipsed. It is impossible to mention all who did me kindness. Think of Gus Hundley, Otho Miller and J. C. Cook, all Kentucky men. I had lost track of Mr. Cook, but imagine my glad surprise when I found his arms around me to welcome me as a brother fresh

Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

TAKE CARDUI

It Will Help You

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.
